EXPERIENCE

Anoush Holdings – Cambridge, MA *July 2026 – Present*
Search fund acquiring an owner-operated, recurring-revenue services business at $2M to $15M enterprise value
Investment Analyst Intern

- Sourced and screened 1,200+ owner-operated businesses across nine compliance-driven service verticals for the fund's inital platform acquisition, originating 15+ first meetings between owners and the principal
- Lead two analyst interns on outbound sourcing, training them on the fund's calling process and screening criteria
- Built and maintain the fund's target CRM, structuring pipeline stages, screening-criteria fields, and owner-contact tracking
- Screen brokered CIMs against the fund's mandate, rebuilding owner's adjusted EBITDA from reported net income to test add-back quality, customer concentration, and open claims reserves before the principal commits diligence time

Franklin Templeton – Boston, MA *June 2025 – April 2026*
Investor Services Intern

- Opened and validated ~30 new accounts per week under the firm's CIP/AML program across trusts, traditional IRAs, and Roth IRAs, verifying beneficiary and entity documentation before funding
- Performed portfolio reconciliations and resolved advisor and client inquiries spanning trusts, estates, and corporate actions
- Processed ~50 daily mutual fund and shareholder transactions across multiple asset classes via SAP

Commonwealth Capital Research – Lowell, MA *January 2025 – Present*
Co-founder & President

- Co-founded and scaled a student research organization to 20+ members, publishing 10+ research letters and running a curriculum in financial statement analysis and valuation

Richard Stepanik Farms – Agawam, MA *May 2022 – Present*
Farm Accountant

- Own bookkeeping, multi-year P&L review, and variance analysis for a family farm (~$110K revenue, ~$2.7M asset base)

AI PROJECTS

Ownerhound – Cold-call engine for search fund deal sourcing *October 2026 – Present*
Personal project, built with Claude Code

- Built a calling workspace that verifies owners, phone numbers, licenses, and legal entities against state records and company websites, then runs outreach card by card with call logging, follow-up email and text, and pipeline queues
- Mapped owner and license data sources across all 50 states, with live verification in Texas and Colorado; built an admin view with call funnel, activity heatmap, and caller scorecards

COMPETITIONS

Georgia State University Valuation Challenge *Fall 2026*

- Valued a Texas Gulf Coast EPC contractor on a team; built the comparable companies, precedent transactions, and sensitivity analysis and assembled the final presentation alongside the team's 3-statement model and DCF

***1st Place*:** Pfizer Sales Challenge *(35 competitors)* | Medicus *(20)* | ALKU *(15)* *2025 – 2026*
Top 5: Love's CSI Invitational *(45)* | Northeast Intercollegiate *(80)*
